

K-Love is a vital radio station in our community. My husband and I and a few other parents are in charge of our youth group at our church. They are between the ages of 13-15. Our devotions have been on music, christian music to be exact, and how important it is to us. The K-Love radio station has always been my families #1 radio station, but now more than ever it is for us because of my son's youth group. They are at an age that is very impressionable and they NEED the wonderful, christian influence which K-Love provides. There are sooo many stations that play generic music which sings and okays every bad thing you could possibly think of. It is a godsend to have a radio station which not only plays very upbeat, hip music which young kids (as well as older ones like me) enjoy but it is the "content" of each song that is so very wonderful. Please do not take that away from our communities. There is only one station which offers christian music nation wide and that is K-Love. That alone should be the reason you leave it on the air. We need all the support we can get to give our kids a strong, christian environment and by removing K-Love you remove our music station which my whole family loves!!!
